<http://www.gcvoice.org/current-projects/vhgc-eir.htm>

The proposed 229 house development impacts residents in several different jurisdictions, the City of LA, City of Glendale, and County of L.A. In order for the Final Environmental Impact Report to adequately address our concerns regarding traffic, loss of recreation, and other important environmental elements, we need to have adequate time to address specifics of the DEIR. The current deadline is July 20th.
